

Substance Use Disorder Webinar Series

Provided by NPQIC and Children's Nebraska

PURPOSE

This 4-part webinar series will provide education about substance use screening practices for maternal and infant populations.

TARGET AUDIENCE

Clinical providers and nurses from OB, L&D, NICU, and mother/baby units, as well as QI leaders and other team members responsible for drafting hospital policies and procedures.

ADDITIONAL INFORMATION

- Live webinars with recordings available after the event
- No cost to attend

1.0 contact hours to be awarded by Children's Nebraska for successful completion of each session. Children's Nebraska is approved as a provider of nursing continuing professional development by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Successful Completion Requirements: RNs must attend 100% of a session, complete an evaluation, and attestation to receive credit and certificate of completion.
