

Promoting Safe and Respectful Maternity Care for All Patients

Our Commitment to You

What does it mean to give and receive respectful care during labor and delivery?

Maternal care teams throughout Nebraska are coming together to address inequities in healthcare, and to improve birth experiences for all patients.

We are committed to providing you safe and respectful care. Respectful care ensures that patients receive patient-centered care, feel respected and listened to, and the individual needs and preferences of all birthing people are valued and met.

We believe that respectful care is essential for all patients to thrive.

Supporting respectful care for all patients:

The Nebraska Perinatal Quality Improvement Collaborative (NPQIC) is a nationally recognized statewide network of hospitals, clinicians, patients, and community organizations that seeks to provide respectful and dignified patient-centered care for all Nebraska perinatal and newborn patients. NPQIC aims to make Nebraska the safest place to give birth and be born.

Here are our respectful care commitments to every patient

We commit to....

- 1 Treating you with dignity and respect** throughout your hospital stay
- 2 Introducing ourselves and our role** on your care team to you and your support persons upon entering the room
- 3 Learning your goals for delivery and postpartum:** What is important to you for labor and birth? What are your concerns regarding your birth experience? How can we best support you?
- 4 Working to understand you,** your background, your home life, and your health history so we can make sure you receive the care you need during your birth and recovery
- 5 Communicating effectively** across your health care team to ensure the best care for you
- 6 Partnering with you for all decisions** so that you can make choices that are right for you
- 7 Practicing “active listening”** – to ensure that you, and your support persons are heard
- 8 Valuing personal boundaries and respecting your dignity and modesty at all times,** including asking your permission before entering a room or touching you
- 9 Recognizing your prior experiences with healthcare may affect how you feel during your birth,** we will strive at all times to provide safe, respectful care
- 10 Making sure you are discharged after delivery with an understanding of postpartum warning signs,** where to call with concerns, and with postpartum follow-up care visits arranged
- 11 Ensuring you are discharged with the skills, support and resources** to care for yourself and your baby
- 12 Protecting your privacy** and keeping your medical information confidential
- 13 Being ready to hear any concerns** or ways that we can improve your care
